

Open Position | LCA EXPERT & CONSULTANT

We are looking for a Life Cycle Assessment (LCA) Expert to work with us and support our growing team.

EA-Environmental Action (www.e-a.earth) is a mission driven research consultancy. EA has developed a leading expertise in the field of plastic footprinting and LCA. EA strives for projects that have an impact and contribute to accelerate the transition toward a more sustainable future. EA offers a very stimulating work environment in a small fast-growing team of environmental geeks and change makers. EA has recently launched PLASTEAX (www.plasteax.org), the first global database to disclose plastic polymer and application specific waste management and leakage data.

Key requirement

- Critical and systemic thinker
- Demonstrating skills to share knowledge and build capacity within a team of Junior analysts
- Capable to transform data into strategies
- Initiative taking, independent, committed and motivated

Skills and experience required and/or to develop

- Proven experience in LCA (>5 years) and consultancy (>3 years)
- Capable of scoping complex projects to yield action and impact in an efficient way
- Attention to details with capacity to review reports and calculations from analysts
- Aspiring to develop consultancy skills and develop science-based sustainability strategies
- Knowledge in trade databases, input-output databases or other approached for environmental modelling is a plus

Position and compensation details

- Position at 100% or 80%, with ample flexibility on time management and working location
- Working in person with the core team based in Lausanne (Switzerland) is clearly a plus
- 6-month contract to start with. Expected to be converted into a permanent position
