Open Position

LCA Analyst

EA-Earth Action (www.e-a.earth) is a mission driven research consultancy. EA has developed a leading expertise in the field of plastic footprinting and LCA. EA strives for projects that have an impact and contribute to accelerate the transition toward a more sustainable future. EA offers a very stimulating work environment in a small fast-growing team of environmental geeks and change makers. EA has recently launched PLASTEAX (www.plasteax.org), the first global database to disclose plastic polymer and application specific waste management and leakage data.

KEY REQUIREMENT:

- Critical thinker and eager to learn
- Initiative taking, independent, committed and motivated
- Striving for balance between scientific excellence, design thinking and actionable output
- Data driven and passionate about environmental modelling and footprinting

SKILLS AND EXPERIENCE REQUIRED AND/OR TO DEVELOP:

- Experience in LCA and/or environmental modelling (e.g. MFA)
- Experience in data analysis and data/knowledge management
- Knowledgeable and having ample experience in Excel as well as possible in Python and GIS (if not get prepared to learn fast)
- Knowledge on plastic and/or waste management is a plus – interest for the topic is mandatory
- Knowledge in trade databases and input-output databases is a plus

POSITION AND COMPENSATION DETAILS

- Position at 100% or 80%, with ample flexibility on time management and working location
- Working in person with the core team based in Lausanne (Switzerland) is clearly a plus
